Champion Thread Company®

Advancing the Common Thread

ChampLock®

Champion Thread's ChampLock is a continuous multifilament polyester thread formed under high pressure by an air jet nozzle. This air-entangled solution is ideal for high-performance sewing on a wide range of materials. Because ChampLock has a low initial modulus, it offers superior loop formation characteristics. High seam strength and excellent sewability make Champlock one of today's most versatile industrial sewing threads.

OEKO TEX® STANDARD 100 18.HUS.57493 Hohenstein

ChampLock Features/Benefits

- *Low Initial Modulus for Excellent Loop Formation*
- *Low Stitch Profile - Enhanced Abrasion Resistance*
- *Excellent Seam Strength*
- *Uniform Construction, Color Fastness*
- *Resistance to Abrasion, Chemical Degradation*

ChampLock Specifications

Tex Size	Single End Break (lb)	Metric Needle Size
T-40	5.1	110/16
T-60	7.2	110/18
T-90	9.4	120/20

Since 1979, Champion Thread Company® has developed and produced premium sewing threads, engineered yarns, and accessories for textile and sewn products manufacturers. With decades of consistent growth, CTC® remains dedicated to delivering the highest quality at competitive prices. This promise is supported by the technical and industry expertise to solve the most demanding product, production, and supply chain challenges. Family-owned and operated, CTC delivers a level of quality, service, and partnership that larger firms have long forgotten and small suppliers cannot sustain.
